The ingredient information is based on Burgerville's standard recipes as of December 2011. The ingredients listed were provided by the food manufacturers.

This is a complete list of all ingredients listed by menu item. Following the ingredients are the allergens and intolerances present in this menu item as made.

Burgerville and The Holland, Inc., and it's employees do not assume responsibility for any food allergy or sensitivity to any food provided in our restaurants.

INTRODUCTION TO BURGERVILLE ALLERGENS

- **Burgerville and The Holland, Inc., and it's employees do not assume responsibility for any food allergy or sensitivity to any food provided in our restaurant.**
- **We will do the best to comply with any food allergies if brought to our attention.**
- **All fried foods: French fries, chicken, fish and seasonal fried foods may be cooked in the same oil. Ask the individual restaurant if it is possible to cook a food in oil that hasn't come in contact with the allergen you are trying to avoid.**

COMPOSTABLE PACKAGING INITIATIVE AND ALLERGENS

Most of the packaging of Burgerville foods are compostable products. The following packaging are made out of PLA corn derived "plastic":

Drink cups both paper and plastic

Drink Lids

Portion cups

Plates

For those who have an allergy or intolerance to corn these corn-derived products do not contain the allergen that causes allergic reactions.

These materials are not a problem for people with corn allergens or intolerances.
